

## **Children's Ministry**

Our Children's Ministry program encompasses those children birth through 5th grade. We offer programming to meet each family's needs from Sunday School, Children's Church, and Grace Kids. We learn about God as we engage in hands-on-activities, music and games as children begin to develop their relationship with Christ. Children focus on who God is by studying bible stories and connecting them to their everyday lives. We meet children and guide them, at their own pace on their own faith journey. Adults are always needed to serve as mentors and leaders with the children's programs. We also encourage those that cannot physically serve with the children to pray for the Christ journey of each Grace Kid.

Train up a child in the way he should go; even when he is old he will not depart from it. Proverbs 22:6
