

## **Transportation Team Help Opportunity:**

Members of this team fill out a form saying when they are probably available to help transport others in need to such activities as Doctor's/Dentist's appointments, grocery or general shopping, or other appointments that they need meeting. The form (which is attached) will ask when you are available and if you can provide such services as going out of town, carrying a wheel chair in your car, if you can assist with someone getting in and out of the vehicle, etc. The more team members we have the more sharing of the responsibility we will have so no one is called on all of the time and gets worn out.

If you can drive, have a dependable vehicle, are insured, have the time and willingness to help others and want to know more you can contact Don Henley at [dehenley@zoominternet.net](mailto:dehenley@zoominternet.net) or call 724-458-4005 or 724-992-4190 OR see Don at church.
